Have your proposal stand out from the crowd, using our simple, yet impressive proposal system. Print any graphic from your color laser or inkjet printer on to a special custom label, then apply the label to our patented "Hide-A-Bind" report cover system. We also offer the "proposal cover" on a traditional two piece (front and back) cover system as well. To add the finishing touch, print out a matching title sheet for the first page of your proposal. You are only limited to your imagination.

**Blank Proposal Cover**  
with blind embossed label frame  
Your choice of 1 piece or 2 piece
